

Union Hills Family Dental  
822 E. Union Hills Drive- Suite D-6  
Phoenix, Arizona 85024

### INSURANCE PHILOSOPHY

Our practice understands that patients rely on their insurance plan to help defray the cost of dental services. Please understand that optimum dental health is directly related to your general medical health and your dental health treatment is not dictated by your insurance coverage. We will help our patients receive the maximum benefits available to them. We will generate a claim form and bill the insurance company as a courtesy to our patients.

Our office team verifies insurance coverage before you arrive. We accept payment from most insurance carriers. On the date of your office visit you are responsible for your deductible and the portion we ESTIMATE your insurance does not cover. However, in the event your insurance does not pay as much as expected, you will be billed for the balance, which is due and payable upon receipt.

For your convenience, we accept credit cards, cash and personal checks, for payment.

I have read and understand this insurance philosophy and I agree to these terms.
